Pacific A

Context: New Developments in 2017

Internal

1. Cyclical re-accreditation
2. Cyclical program review
3. Implementation of University10 (U10) and
4. Establishment of the Academic Quality Assurance Office

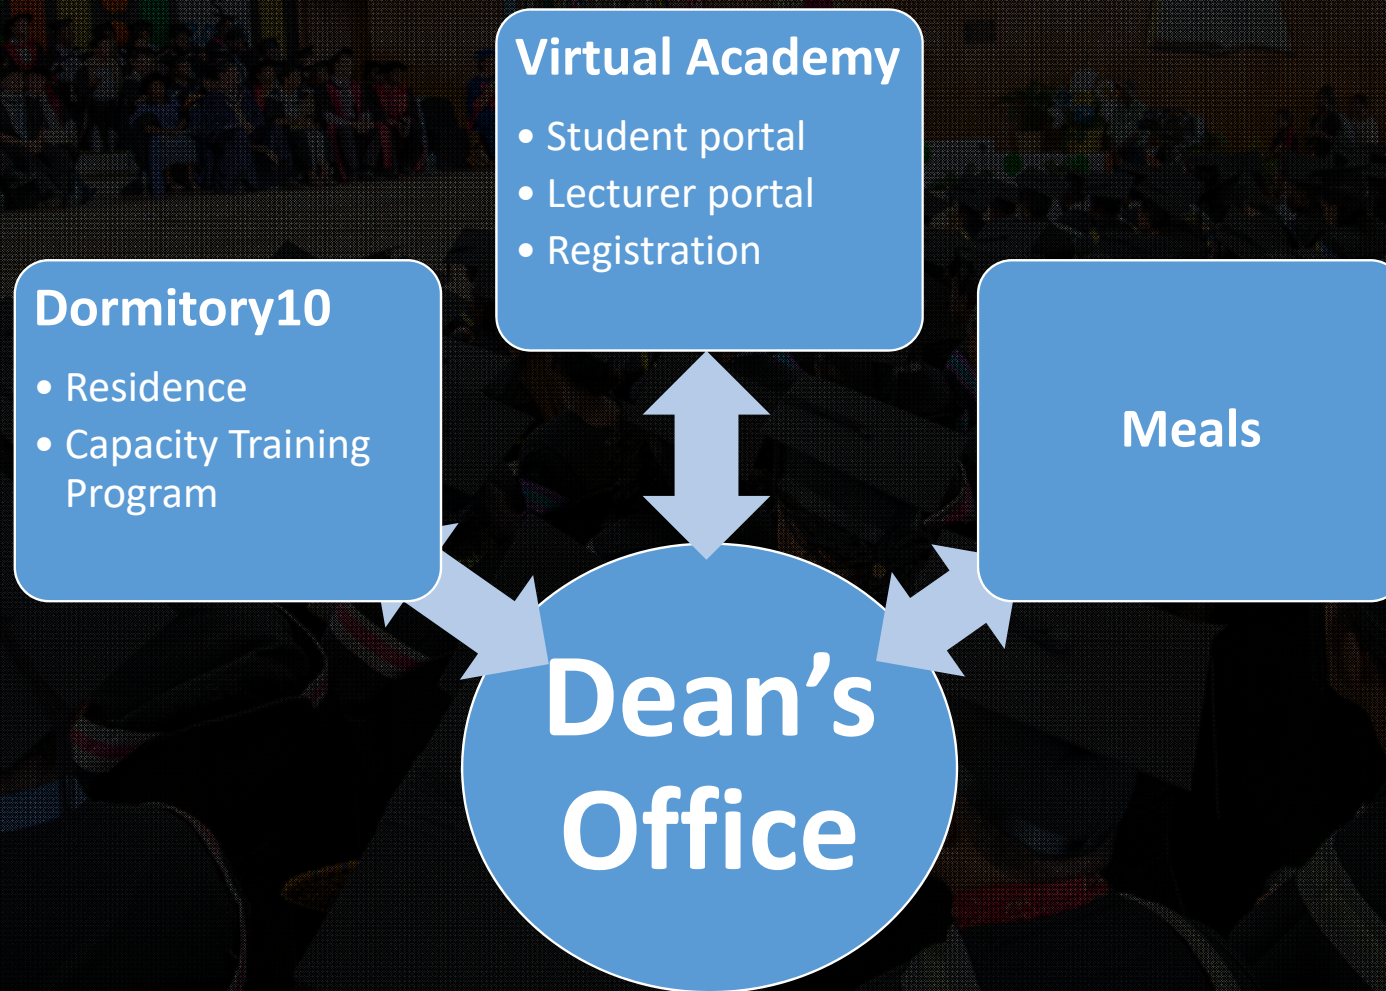

External

1. National directive to align all programs to the second edition of the PNG National Qualifications Framework (PNGNQF) and
2. National Online Selection & Application Systems (NOSS) (NOAS) for Grade 12 school leavers.

National Online Selection of Grade 12 School Leavers into tertiary institutions

University10 (U10) ecosystem

Trials

- Strategic but an ambitious move
- Simultaneously building, trialling, using and improving
- Quality concerns
- Inconsistent and unstable network connection
- Lack of communication and timely sharing of information with everyone
- No prior training for key features for some modules.

Triumphs

- Greatly enhances the business processes at PAU, student management and administration.
- Moved away from manual to online processing; less paper used during registration
- Integration of existing software, Attaché & SALTO, NOSS
- U10 now houses the programs aligned to the PNGNQF
- Policy gaps were identified with measures put in place.

Conclusion

- The key principles of: communication, responsibility, accountability, mutual agreements and internal reviews were necessary in the implementation of Universtiy10 and the revised curriculum.
- Universtiy10 has slowly transformed the way PAU conducts its business processes.

Thankyou
